

Product Change Notification

Document #	PCN-450030
Change Title:	Cortina Systems® CS8016 & 8021; Substrate Core Material Change, Product Material, FYI
Revision Date:	07 April 2011

Type of Change Notification:

FYI (For Your Information)

Forecasted Key Milestones:

Milestone	Date
Date Customer Must be Ready to Receive Post-Conversion Material:	August 15, 2011
Date of Samples Availability:	August 15, 2011
Date of Qualification Data Availability:	April 15, 2011

Description of Change to the Customer:

Due to the impact on Mitsubishi Gas and Chemical operations caused by the recent Japan earthquake and tsunami, the substrate manufacturer will add Hitachi Chemical Company as an alternate supplier for the core material in order to maintain supply continuity for the products listed in this PCN. Hitachi has been a qualified supplier for this material and it has been in use for various other products.

Cortina Systems will qualify the alternate substrates to be used interchangeably as needed to help prevent end product shortages. The "Date Customer Must be Ready to Receive Post-Conversion Material" is the projected date that a customer may expect to receive the Post-Conversion Materials. This date is determined by the estimated depletion of the currently qualified inventory at the time of the PCN publication. Because the depletion of inventory is determined by dynamic supply and demand, the actual post-conversion material availability date may vary.

Customer Impact of Change and Recommended Action:

This change has no impact on form, fit, functionality, customer handling, manufacturability, or product quality or product reliability.

Products Affected / Cortina Systems Ordering Codes:

Affected Product Code	Media Type
