<b>Date of Qualification Data Availability:</b>	Available Now
<b>Date of First Availability of Post-Conversion Material:</b>	Available Now
<b>Date Customer Must be Ready to Receive Post-Conversion Material:</b>	11 July 2011

### Description of Change to the Customer:

Cortina Systems, Inc. (Cortina™) is announcing a product conversion for the PCCS8016E.A1 to PCCS8016E.C0. The product change is to include feature enhancements found in CS8016.C0. Details of functional enhancements are found in the Cortina Systems® CS8016 Optical Network Unit Datasheet, document 400134.

### Customer Impact of Change and Recommended Action:

The CS8016.C0 is not a pin-for-pin replacement and customers should qualify C0 devices on their systems and be prepared to begin receiving revision C0 devices starting 11 July 2011. Cortina advises its customers to review the CS8016 Optical Network Unit Datasheet and to ascertain any functional impacts to the system, if there is any. Qualification and reliability data are available at the customer's request. Samples will be available now and customers are requested to start the qualification process at their earliest convenience. Customers may receive dual line items until inventory has been depleted.
