Product Marking Change

Date of Publication: January 17, 2007

Key Characteristics of the Change:
Product Marking

Forecasted Key Milestones:

Date Customer Must be Ready to Receive Post-Conversion Material:	February 16, 2007
---	-------------------

Description of Change to the Customer:

In line with the recent acquisition of Intel's optical networking component product lines, Cortina Systems is announcing a product mark change. The Intel Corporation logo will be replaced by Cortina Systems, Inc. logo as shown below. Current Product Code and Material Master number (MM#) will not change. The product mark and/or pack you receive is not aligned to your order dates, but is dependant on Intel/Cortina first shipping out all Intel marked products.

Customer Impact of Change and Recommended Action:

This change has no impact on form, fit, functionality, customer handling, manufacturability, or product quality. Cortina does not anticipate impact to any customer applications. Until inventory is depleted, customers may receive either Intel or Cortina product mark. Please refer to the reference documents below for Cortina logo examples. Customers may want to notify their receiving department(s) for this change.
