

Product Change Notification

Change Notification #: PCN0207-05.0

Change Title: Optical Networking Components; 1 Gigabit Ethernet MAC, HFIXF1104CE.B0; Product Material, Conversion Package Change

Date of Publication: 28 February 2007

Key Characteristics of the Change:

Product Material and Order Code

Forecasted Key Milestones:

Previous Intel Date Customer Must be Ready to Receive Post Conversion Material:	16 March 2007
Current Date Customer Must be Ready to Receive Post Conversion Material:	Not Specified

Description of Change to the Customer:

Due to the continued broad-based demand for the ceramic package, Cortina Systems is announcing the suspension of the previous product conversion (PCN106052) published by Intel.

Customer Impact of Change and Recommended Action:

Customers previously phasing and/or planning a transition to the plastic package, may continue to use the ceramic package. Additionally, there will be no change to the Product Code and/or MM#.
