Manufacturing Site

### Forecasted Key Milestones:

Date of Qualification Data Availability:	19 October 2007
Date Customer Must be Ready to Receive Post-Conversion Material:	26 October 2007

### Description of Change to the Customer:

Cortina Systems assembly subcontract partner is transferring Low Profile Quad Flat Pack (LQFP) package assembly to an equivalent site located in Manila, Philippines.

The "Date Customer Must Be Ready To Receive Post-Conversion Material" is the projected date that a customer may expect to receive the Post-Conversion Materials. This date is determined by the projected depletion of inventory at the time of the PCN publication. The depletion of inventory may be impacted by fluctuating supply and demand, therefore, although customers should be prepared to receive the Post-Converted Materials on this date, Cortina Systems will continue to ship and customers may continue to receive the pre-converted materials until the current inventory has been depleted.

### Customer Impact of Change and Recommended Action:

This change has no impact on form, fit, functionality, customer handling, manufacturability, or product quality. Cortina Systems does not anticipate impact to any customer applications. Additionally, there will be no change to Product Code and/or MM#.

Please contact your local Cortina Sales Representative for further information regarding this product.
