Samples from new assembly site available:	30 May 2008	30 May 2008	30 May 2008	30 May 2008
In process qualification report (500 temp cycles):	06 Jun 2008	06 Jun 2008	06 Jun 2008	06 Jun 2008
Full qualification report:	20 Jul 2008	11 Aug 2008	30 Sept 2008	07 Jul 2008
Last planned ship dates for Singapore COO product (per current demand FC)	20 Oct 2008	20 Oct 2008	20 Oct 2008	07 Oct 2008

### Description of Change to the Customer:

Cortina Systems, Inc. (Cortina) is in process of qualifying new assembly sites for many of our higher volume package types. This PCN covers the following select package and lead configurations: HQFP 208, LQFP 32, and LQFP 64. The country of origin for the new assembly site will be Malaysia and/or China.

The "Last planned ship dates for Singapore COO product (per current demand FC)" is determined by the projected depletion of inventory at the time of the PCN publication. The depletion of inventory may be impacted by fluctuating supply and demand; therefore, although customers should be prepared to receive the new materials after this date, Cortina will continue to ship and customers may continue to receive Singapore COO materials until the current inventory has been depleted. Please note that in the case of a significant increase in demand, shipments from the newly qualified assembly site may occur before the planned date.

## Customer Impact of Change and Recommended Action:

This change has no impact on form, fit, functionality, customer handling, manufacturability, or product quality. Cortina does not anticipate impact to any customer applications. Additionally, there will be no change to Product Codes and/or MM#s.

Please contact your local Cortina Sales Representative for further information regarding this PCN.
