

Customer Notification

Document #: DCL400641
Change Title: Cortina Systems, WPCS1999C.A0 Product Marking Change, DCL400641
Revision Date: July 17, 2008

Type of Change Notification:

DCL
FYI (For Your Information)

Key Characteristics of the Change:

Product Marking

Forecasted Key Milestones:

Date Customer Must be Ready to Receive Post-Conversion Material:	17 August 2008
---	----------------

Description of Change to the Customer:

In order to differentiate RoHS classifications from the product marking, Cortina Systems, Inc. (Cortina) is announcing a product mark change for CS1999 Manchester SONET/SDH Framer Mapper device. Cortina system is changing the part number prefix "WP" for CS1999 with "RP" to denote the RoHS 5/6 characterization for the part. Current Product Code and Material Master Number (MM#) will not change. The product mark and/or pack you receive is not aligned to your order dates, but is dependent on Cortina first shipping out all previous "WP" marked products.

Customer Impact of Change and Recommended Action:

This change has no impact on form, fit, functionality, customer handling, manufacturability, or product quality. Cortina does not anticipate impact to any customer applications. Until inventory is depleted, customers may receive either previous or current Cortina product mark. Please refer to the reference documents below for Cortina logo examples. Customers may want to notify their receiving department(s) for this change.

Please contact your local Cortina Sales Representative for further information regarding this PCN.

Products Affected / Cortina Systems Ordering Codes:

Old Ordering Code / Part Number	New Ordering Code/ Part Number
WPCS1999C.A0-998680	RPCS1999C.A0-998680
