---	--------------------

Description of Change to the Customer:

Cortina Systems, Inc. (Cortina) is announcing a product marking change for devices listed in the products affected table in this notice. To alleviate repeated customer concerns about differences between product names as ordered and product names marked on our components, we are eliminating abbreviated part markings when space is available on the component to mark the full part number. The diagram below illustrates previous markings compared to current marking; the example used is for the Cortina part WJLXT971ALE.A4-857343.

NEW MARKING

Customer Impact of Change and Recommended Action:

This change has no impact on form, fit, functionality, customer handling, manufacturability or product quality. Cortina does not anticipate impact to any customer applications. Receipt of the non-abbreviated part number material will vary depending on the depletion of our existing inventory; in a few cases, customers may have already received units with the full part numbers marked on the products. Customers are requested to notify their receiving and manufacturing groups of this change to avoid any delays.
