

Product Change Notification

Document #: PCN401059
Change Title: Cortina Systems, 64 Pin LQFP Package, Transport Media (Tray) Change, PCN401059, FYI
Revision Date: 04 November 2009

Type of Change Notification:

FYI

Key Characteristics of the Change:

Transport media change for Cortina Systems 64 Pin LQFP package

Forecasted Key Milestones:

| | Date |
|--|------------------|
| Date Customer Must be Ready to Receive Post-Conversion Material: | 04 February 2010 |

Description of Change to the Customer:

Effective 04 February 2010, Cortina Systems will be changing packing media (tray) manufacturers from "Peak" to "Daewon" for the 64 Pin LQFP devices listed below. This change is being made to address difficulties faced by some distributors and customers in procuring the Peak trays. The color, form, fit and packing capacity of the Daewon trays are the same as the Peak trays. The product packaging you receive is not aligned with your order dates, but is dependent on Cortina first shipping out all previously packaged material.

Customer Impact of Change and Recommended Action:

This change has no impact on form, fit, customer handling, manufacturability or product quality. Customers may want to notify their receiving department(s) for this change. Until inventory is depleted, customers may receive either Peak or Daewon packing media.

Please contact your local Cortina Sales Representative for further information.

Products Affected / Cortina Systems Ordering Codes:

| Affected Product Code | RoHs Compliance | Media Type |
