### Description of Change to the Customer:

Due to the aging technology of the Teradyne Tiger platform and inadequate field support, Cortina Systems® has decided to qualify the Verigy 93000 as an additional production final test platform.

The test coverage and specifications will remain the same between the two platforms. This change will not impact form, fit, or function of the products.

## Customer Impact of Change and Recommended Action:

There is no customer impact due to this change. Please contact your local Cortina Sales Representative for further information regarding this PCN.
